Examination and Acceptance of Trade Mark Application for Publication

I have examined your application under the Trade Marks Act 1994 and have searched the relevant trade mark registers. Your application appears to meet the requirements.

The details of your application will now be published in our online Trade Marks Journal for opposition purposes. As soon as your trade mark is published, we will send you confirmation of the publication details.

After the mark has been published, there is a 2 month opposition period in which anybody may oppose its registration. If someone gives notice that they are considering an opposition, this period will be extended to 3 months. If we receive any opposition, or the opposition period is extended, we will write to tell you.

If nobody opposes the mark, we will register it 2 weeks after the opposition period ends and send you the registration certificate by email.
